Dear [REDACTED]

25X1X7

I have been asked to answer your memo [REDACTED] of 4 September 1959.

25X1A9a

We stated in the next to the last paragraph of page 3 of ORR Memo #2715 that we were waiting for some information from Colonel [REDACTED] safe before we forwarded the Bisen plots. This information has been delayed, and we are told that we will probably not receive it before October 1959. When we receive this information, the plots will be turned over to graphics. Printed copies will probably be available by November 1959, and we will give copies of the plots to [REDACTED] at the Aircraft Production Conference. If copies become available earlier than expected, we will forward the copies to you.

25X1X7 At the Aircraft Production Conference last year, the [REDACTED] had some observations of Moscow/Fili Airframe Plant No. 23 which we did not have. [REDACTED] was given a list of all of the observations which we had, and he promised to send us a copy of the [REDACTED] observations. We have not received these observations. Please see if you can obtain them for us. I was told by [REDACTED] that one of the observations took place on 17 May 1958.
